You can read about our Arts Engagement & Outreach team who are supporting arts and cultural activities in the area, plus you can also find plenty of activities that you or family members can get involved in. Every day Westlands has performances, events, classes and activities or is simply a great place to meet up with friends over a drink and tempting food. Westlands has become a real community hub and we look forward to welcoming you to the venue in the near future, but for now, sit back and take a read of what Somerset's Premier Entertainment Venue has to offer.

**Best wishes,
Adam Burgan**

A Cultural Venue for Somerset

The development of The Octagon Theatre is moving forward with support from Department for Culture, Media and Sport (DCMS) and in principle funding agreed from Yeovil Town Council.

A revised Outline Business Case relating to the Octagon Theatre has been developed and submitted to DCMS, seeking funding support for a revised development project costing £15 million. DCMS have provided support to the Council concerning how to further develop our plans that will see a smaller scale development of the venue with a full refurbishment and improvements to:

- **Accessibility**
- **Environmental sustainability**
- **Audience experience**
- **Technical capability and backstage areas**

Any further support from DCMS is subject to a full business plan being submitted in the autumn.

Yeovil Town Council have confirmed their grant support in principle towards the project after the Council voted through a motion in 2023 to work in partnership with Somerset Council to ensure the future of the Octagon Theatre project.

Additional funds including fundraising contributions through the Foyer Club Charity, grant funding, sponsorship and donations will continue to be sought to support the development of the venue and to help deliver the project.

Somerset Council continues to manage and deliver the project to develop The Octagon Theatre working with funding partners to secure the development. Once complete, the building will be handed over to Yeovil Town Council to own and manage in future.

Next steps will see the project team develop the full business plan and seek to work with a design team. Once initial plans for the new project have been developed, they will be shared with the public.
